Product Description

Walker Model D21d 36" Commercial Zero Turn Mower - DC36R-2

The D21d is a premium commercial GHS mower with impressive industrial power and agile, premium-quality mowing. Featuring the Kubota D722 liquid-cooled, diesel engine, and a standard Grammer suspension seat, the D21d is designed for all-day comfort and long machine life.

36" Collection, Reverse, HD (DC36R-2)

Designed to evenly cut thinner (spindly) grass on finished turf, and is ideal for tight spaces and fitting through narrow gates. Reverse rotation blades come together at the back of the mowing deck. HD decks feature cast-iron gearbox housings.
