### Product Description

#### STIHL BGA30 BLOWER KIT (BGA30 KIT)

An all-in-one backpack blower, the BR 600 combines power, fuel efficiency, and durability. With its simplified starting procedure, four-point anti-vibration system, and three-position adjustable blower tube, the BR 600 sets the standard for professional-grade backpack blowers. It features a low exhaust emission engine, making it a great choice for both urban and rural areas. No matter where the job takes you, the BR 600 backpack blower is the ideal choice for heavy-duty cleanup. Note: Not available for purchase or delivery in California

### Features

- Extremely high-performance gas backpack blower with 4-MIX engine
- For professional use in landscaping, garden maintenance, and municipal work
- Efficiently remove leaves, hedge clippings and debris from large areas
- Backrest pad and hip belt minimise fatigue while working
- Easy to operate using the multi-function handle
