Product Description

STIHL FS 461 C-EM Gasoline Brushcutter/Clearing Saw - Blade

A high-performance brushcutter and clearing saw, the STIHL FS 461 C-EM features an advanced STIHL M-Tronic™ 3.0 system for maximum efficiency in changing conditions. The FS 461 C-EM is available with the AutoCut® 46-2 head and large deflector design, providing a 20.5-inch cutting swath for cutting and thinning heavy growth. The 9.84-inch circular saw blade effortlessly cuts through growth in settings such as forestry clearing, municipal, and farm and ranch use. Designed to reduce vibration levels and fitted with the STIHL FS Advanced Handle Grip with advanced ergonomics and multiple grip positions, users will also experience reduced fatigue and optimal control.
