Product Description

STIHL FSA 135 R Battery Powered Grass Trimmer (Unit Only)

This battery-powered loop-handle trimmer delivers premium performance packed in a durable, lightweight design.

For professional landscapers seeking a game-changing, battery-powered trimmer in a loop-handle design, the FSA 135 R delivers. With the same proven drive and cutting components found in STIHL professional gas trimmers and powered by a brushless motor, the FSA 135 R provides professional cutting performance with the added benefits of low noise and zero exhaust emissions. With three performance settings, this trimmer is versatile enough for a range of cutting applications. Its weather-resistant design means it's built for tough professional work, and its quiet operation maximizes productivity by extending working hours into the early morning and late evenings.

This tool is IPX4-rated weather-resistant construction and has been designed and tested for splash water protection.
