Product Description

STIHL FSA 30 Battery Powered Grass Trimmer

The first 2-in-1 trimmer and edger in the AS Battery System features a telescoping shaft and adjustable mowing head for ergonomic positioning.

Experience a superior trim and edging experience with the lightweight FSA 30, the first 2-in-1 trimmer and edger in the AS Battery System. Featuring a telescoping shaft and adjustable mowing head for hard-to-reach places, the FSA 30 is designed for performance and comfort. The adjustable bump guard allows for a clean, consistent trim, and with the easy, toolless head change capability, you can easily switch between PolyCut™ blade and AutoCut® line trimming.
