Product Description

STIHL GTA 30 Battery Garden Pruner

A POWERHOUSE IN THE PALM OF YOUR HAND. STIHL-APPROVED PRECISION IS HERE.

The STIHL GTA 30 battery-powered handheld pruner is engineered for performance-oriented homeowners and DIY enthusiasts who demand more from their tools. Featuring a longer 6-inch guide bar and STIHL's automatic chain tensioning system, the GTA 30 effortlessly cuts through branches up to 6 inches in diameter with clean, low-vibration precision. Its ergonomic, tool-free design includes intuitive controls, a fold-out handle, and glove-friendly operation—making it ideal for pruning, woodworking, and firewood preparation. With up to 180 cuts per battery charge and a lightweight, balanced build, the GTA 30 delivers professional-grade results with the comfort and convenience you expect from STIHL.
