Product Description

STIHL GTA 40 Battery Garden Pruner

Handheld pruner built for in-tree professional use only featuring 520 W of power capable of 190 cuts per charge; comes with convenient carrying case that holds up to six batteries.

The GTA 40 is built for in-tree professional use only and offers 520 W of power and 190 Cuts on a full charge, 90% more power and 2X the number of cuts as the GTA 26. It features a 6" LIGHT 01 guide bar for maneuverability around hard-to-reach branches and a double battery compartment to extend run time. The GTA 40 is IPX4 rated for weather resistance and comes with a durable, plastic carrying case that holds up to six AS 2 batteries and the AL 5-2 charger.
