### Product Description

#### STIHL HLA 86 Battery Powered extended-reach Hedge Trimmer

When the job seems just out of reach, the powerful and versatile HLA 86 extended-reach hedge trimmer delivers. Built using the same durable outer shaft as its gas-powered counterpart, this hedge trimmer provides professional-grade performance with the green benefits of battery power. The quiet, battery-powered operation is great for working in noise-restricted environments, and the brushless motor offers the added benefit of zero exhaust emissions. Easy to extend-thanks to its toolless design-the HLA 86 can telescope to a total length of 10.8 feet, bringing you within reach of jobs that might

### Features

- Professional battery long-reach hedge trimmer for landscape maintenance
- Tool only without battery and charger
- Infinitely variable speed control for vertical, overhead and ground-level cutting
- Rotatable clamping sleeve allows tool-free adjustment of shaft length
- Especially long reach thanks to the weight-reduced telescopic shaft
- Excellent cutting performance provided by double-sided blades
