Product Description

STIHL HSA 30 Battery Powered Hedge Trimmer (HSA30)

The HSA 30 is an easy-to-use hedge trimmer that gives you the high-quality performance you need to get the job done. With an onboard LED indicator, you can quickly see the battery level. Equipped with double-sided, laser-cut, diamond-ground blades, the HSA 30 is designed to help you achieve a more precise cut with less effort as you take on small hedges and shrubs. The HSA 30 can run for up to 50 minutes, making it ideal for homeowners with small yards looking for a dependable tool.

Features

- Tool only without battery and charger
- Lightweight battery hedge trimmer for excellent cutting performance
- For trimming bushes and hedges in residential areas
- Precision performance thanks to laser-cut, diamond-ground and hardened blades
- Screw-on tip protector for easy handling
