Product Description

STIHL HSE 70 Corded Electric Hedge Trimmer (HSE70)

Made for clean, quiet cutting, the STIHL HSE 70 electric hedge trimmer features a longer, 24-inch cutting blade for making fast work of larger shrubs. This trimmer is lightweight, well-balanced, and easy to maneuver, thanks to its large front handle and transparent front hand guard. An extension cord clip on the side of the handle helps manage the cords while you're busy trimming. When the job is finished, the HSE 70 also hangs from its rear handle for quick and convenient storage.

Features

- Electric hedge trimmer for thicker branches around domestic gardens
- Enhanced safety provided by tip protector and cut protection
- Cable strain relief and shaft extension for added convenience
