Product Description

STIHL MS 212 C-BE Chainsaw - 18"

This feature-packed chainsaw offers optimal operator comfort and powerful performance.

The feature-packed MS 212 C-BE offers you optimal comfort and powerful performance. STIHL Quickstop® reduces the risk of injury due to kickback, the Easy2Start™ system makes starting the tool almost effortless, and the STIHL anti-vibration system provides comfort during frequent use. This chainsaw also comes loaded with an 18-inch Light 04 guide bar for durable, lightweight cutting and a Master Control Lever™, so you can easily operate the choke, starting throttle lock, and on-off switch. The sleek, updated design gives it a professional feel, and the diagnostic socket allows you to easily track information about operating times, diagnostic support, and more. The MS 212 C-BE offers the right balance of power and accessibility to make it ideal for frequent use around the home.
