Product Description

STIHL RE 80 Corded Electric Pressure Washer

Powerful, easy-to-use electric pressure washer for cleaning jobs around the house and garden.

With its low noise and zero exhaust emissions, the clean, quiet operation of the RE 80 corded electric pressure washer provides users with quality performance in a compact, lightweight, and low-maintenance package. The high-quality design and components—including stainless steel pump pistons and aluminum pump manifold—are designed to resist corrosion and wear. The upright handle design and integrated wheels optimize mobility and portability while the comfortable spray gun with its reverse-pull trigger minimizes effort and fatigue. Plus, the RE 80 comes standard with an adjustable nozzle and detergent sprayer, allowing users to take on even more cleaning tasks.

This tool is IPX5-rated weather-resistant construction and has been designed and tested for protection from water jets.
