### Product Description

#### STIHL WP 300 Gasoline Water Pump

Buckets and standard water pumps are no match for the WP 300. Moving 264 gallons in under 90 seconds makes it the ideal solution for quick, everyday water transfer. Compact, easy to handle, and built for tough environments, it is ready to tackle routine jobs without slowing you down.

#### Features

- For drawing water from storage tanks or transporting fresh water
- For applications in agriculture
- Self-priming pump with 2" connections for moderate delivery volume
- Sturdy frame for stability on various surfaces
